## **Boutique hotel delights with unique rooms**

- Every room a work of art -

**The MOMA1890 Boutique Hotel is a hotel with a timeless design that has found its place in the heart of Munich. With its central location in Munich's French quarter Haidhausen, the house offers a combination of urban flair and quiet retreat. Guests thus have the opportunity to experience the best of both worlds.**

Characteristic of MOMA1890 is the individual design and furnishing of each room. Only high-quality materials and original design furniture from Vitra, Carl Hansen and Thonet, among others, are used for the furnishings. When it comes to lighting, the hotel also relies on selected luminaires by Occhio, Flos, Artemide and Ingo Maurer. All rooms have been completely renovated to the latest standards and have bathrooms with large showers. Historic elements of the house, built in 1890, were preserved and harmoniously combined with modern elements.

A special highlight of MOMA1890 is undoubtedly the historic staircase, which is adorned with a still original wallpaper from the 1960s, whose design embodies the entire hotel and invites guests to immerse themselves in times gone by.

"We are proud that after intensive renovation, our family property continues to tell its story and welcome our guests with a special ambience," says Maximilian Seidel, one of the two owner-brothers and general manager of the hotel. "With great attention to detail, we have individually designed and furnished each room and area to offer our guests an unforgettable experience."

The house is already run by the fourth generation of the family and thus represents a long tradition of hospitality.
